Tips to help you to fill in the Application Form

1. Fill in your form very neatly and clearly. People from other countries can find our handwriting difficult to read. If you make a mistake or if your form is messy, fill in a fresh form.
2. Please give your name as it appears on your passport.
3. Remember to glue on (or insert) a passport-sized photo. This will let your host family know what you look like.
4. Give your date of birth and your age on 18th September. Remember that you must be between 10 and 13 years of age for the mobilities.
5. Languages spoken: Please write which languages you speak. For example, most of you speak German as your first language should write German (native speaker). You can all write English (advanced) and some of you can write French (beginner). Some of you speak other languages, too.
6. Please note your family's e-mail address and a mobile number. This will help your host family to make contact with you before you travel. We will give you information about your hosts before you travel, too.
7. Write a little to introduce yourself. This will help our partner school to choose a host family for you. Think about what you would like to know about a guest if you were the host. You could mention what your hobbies are, what you like to do in your spare time, any interests that you have.
8. The medical information part is really important. Do you have any allergies or conditions that a host family should know about? Is there anything that you don't like to eat? Would you prefer to be in a non-smoking environment? Is there anything that would make you very uncomfortable, for example, are you scared of big bouncy dogs?
9. Please remember to sign the form!
